

Adopt-a-Highway Directions

Highway 99 markers: 19.25 to 17.16

You must view the safety video before going out on the highway.

The Cycleland Speedway sign at Nelson Road is the northern end of our section of Highway 99. Nelson Road is about six miles south of the new Neal Road traffic signal on Highway 99. This will be our meet up spot. Turn right on Nelson Road.

There is space for parking just after you turn right on Nelson Road on the right just after the mail boxes, there's an unused driveway. There is also some additional flat parking spaces on the same side of the street as the mail boxes, just past the mail boxes and the driveway.

This ditch is across the street from the mail boxes. Do not park here. I did and quickly found my car almost flipped over in the ditch. Fortunately some farmers came along and with my tow rope and their truck had me out in five minutes. This is exactly what we want to avoid.

Skillin Lane is about one mile south of Nelson Road.
