

Torres Community Shelter – Volunteering

You must submit a Volunteer Application. Please take a moment to read all of the below before you start. The URL below will take you directly to the volunteer page. At that page you will see in part:

“.... If you would like to volunteer, please click here for a volunteer application. “

When you click on “click here” a writable PDF form will open. Now the instructions say you can email the form after you fill it out... but the form requires your signature, so as is often the case the instructions leave a little to the imagination. Conventionally, you would fill out the form, print it, sign it, scan the form, then email it. Now, you may or may not have the tools to do that. Is there a way to save the form, insert your signature, then email it without actually touching a pen to paper? Yes, and if you know how to do that, fine. Otherwise, fill it out, print it, sign it, scan it or fax it or mail it.

Need help? Contact me and I will assist. Here is the URL:
